3. PLACING/PROMOTION/RELEGATION

3.1. PLACING

The LCOM shall have the right to place a team in any league provided that it is satisfied that the team is of suitable playing strength, that it fits into the league structure and that the placement will be of benefit to the Western Province tennis community.

3.2. PROMOTION/RELEGATION

3.2.1. MENS, LADIES, MIXED, VETERANS, SINGLES AND DOUBLES LEAGUE

3.2.2. At the end of the competition the lowest scoring two teams in each section will replace by the highest scoring two teams from the league below.

3.2.2.1 In Mixed league only the winning teams from 2A and 2B sections will be promoted to 1st league displacing the lowest two 1st league teams

3.2.3 Should a team eligible for promotion not be able to accept, the highest scoring relegation team will remain in its section and not be displaced.

3.2.3.1 A vacancy in a league section is deemed be the lowest position in the section. It may be filled by the relevant promoted team or other team as determined by LCOM.

3.2.4 B-TEAM PROMOTION In certain circumstances a club may have two teams in premier league ie the A & B teams.

3.2.4.1 In order for a club B team to be eligible for Premier it must (a) win the league below (r-up is not sufficient) (b) If there is already another club B team in Premier then there will be a playoff between those two teams unless the other B team is one of the bottom two whereupon the promotion is automatic (c) if there is no other B team in Premier then its promotion is part of the normal 2-up-2-down movement.

3.2.4.2 There will always be two lowest Premier teams displaced by two teams from 1st league. They may be a winner B team and the next eligible A team.

3.2.4.3 There could be 3 teams displaced if the winner B team displaces another B team higher than the two bottom premier teams because the next two eligible A will teams displace the 2 lowest premier teams. The order of promotion-relegation is: Winner B team (#1) displaces other B team, next available A team (#2) displaces lowest premier team, next available A team (#3) displaces 2nd lowest premier team.

3.3. GENERAL

3.3.1. All promotion/relegation matches as well as play-offs in all sections shall be played and completed immediately after the completion of the relevant competition, or as determined by the LCOM. In respect of a challenge for promotion the challenging team must win the fixture in order to displace the defending team.

- 3.3.2. 48 hours before the commencement of Promotion/Relegation matches, or play-offs for top positions in the leagues, Clubs shall inform the Secretary or LCOM of the names of the players, in order of merit, participating in these matches. If required, the names of these players will be furnished to the Press in alphabetical order.
- 3.3.3. No player may take part, save at the discretion of the LCOM, in a promotion/relegation fixture, or a play-off for the top or bottom position of a league unless he has played in at least three fixtures in that or a lower league in the same competition during that season. Should a Club, however, not have sufficient players available who have played in the required number of fixtures, then the LCOM may authorise the Club to play such other players who would, in the opinion of the LCOM, normally play in that or a lower league.
- 3.3.4. Should a team eligible for promotion not be promoted (for whatever reason) then the relegated team with the highest point score in the league which would have been displaced will remain in the section in which it played, leaving one less vacancy
- 3.3.5. Should a team eligible for promotion, or challenge for promotion, be unable to accept the offer, the highest scoring relegation team will remain in its original section
- 3.3.6. **RESTRUCTURE.** If it is necessary to decrease or increase the number of teams in a section the teams will be moved up or down from their sections in ladder order at the end of the last competition after promotion/relegation is applied. Promoted teams replace the demoted teams and will be moved in that ladder order thereafter..
- 3.3.7. If a vacancy should arise in a league, then the replacement will be at the at the discretion of the League Committee
- 3.3.8. *TIED TEAMS IN A SECTION*

If two teams tie at the end of a round or season with equal points the procedure for ranking them will be based on three criteria of serial importance. First, the number of fixtures won, if still tied, the number of points scored against, if still tied, the result of the fixture between the two. This failing the LCOM will rule on the decision.

TIED TEAMS IN A PLAYOFF

The team with the least games scored against wins the fixture. This failing the LCOM will rule on the decision.

4. MATCH PLAY RULES AND REGULATIONS

4.1. GENERAL

- 4.1.1. TIME. Any player failing to play at the time fixed by the LCOM, shall forfeit the match. Notwithstanding this regulation, the LCOM may, on good cause shown, allow the match to be subsequently played at a time fixed by the LCOM.
- 4.1.2. BYES: Should a higher team or teams of a Club not be set down to play on a particular day, then the names of those who would have played in such team or teams, must be furnished to the Secretary in writing, along with the results of that day. It is not necessary to submit the names if no teams play on a particular day.
- 4.1.3. BYES: only players that comply with the reversion rules may be placed in a bye team.
- 4.1.3.1 BYES: The named person must have played at least once for the bye team or other team in the same competition that complies with reversionary rule 4.2.2. If the person has not yet played in the competition the he/she must play in the next round for the same team or other team in the same competition that complies with reversion rule 4.2.2.
- 4.1.3.1.1 BYES: At the last round of the season, the nominated player must have played at least once for the bye team or in the same competition within the reversion rule 4.2.2
- 4.1.3.2 From the 4th round onwards the bye player must have played twice for that team or another providing reversion rules are followed.
- 4.1.3.3 A bye placing is not a 'played' match.
- 4.1.3.4 A player may play in more than one competition providing the fixtures are not played in the same round.
- 4.1.3.5 RESTRICTION on movement between competitions (1): A player may only play in the last two rounds of a league section if he/she has played the majority of his/her matches in that competition during the season. Should the matches be equal then he/she may play in either but must remain in the same competition for the last two rounds. Note that the main purpose of the above rule is to avoid "stacking" of teams either to protect them or to enhance them at the end of the season.
- 4.1.3.5.1 RESTRICTION on movement between competitions (2): A club has a bye team in competition 'A' but has a match in competition 'B'. It is a temptation to fill the bye team with other players and place the regular bye team players in competition 'B'. Two criteria must be considered: Bye Team 'A' must first be filled with its regular players, secondly, the players that move from 'A' must not be stronger than the regular team players in competition 'B'.
- 4.1.3.5.2 Should there be a surplus of players in a particular competition caused by the above rules then the extra players may be used in another competition on condition that all the aforementioned competition teams are properly filled with players in proper order (the surplus players being the weakest). None of the surplus players may be used to complete a bye team in the other competition. The players must be equivalent strength or weaker than the nominal strength of the league. See 4.2.5

- 4.1.4. **DEFAULT.** Any Club team, entered for a competition, failing to play on the date fixed by the LCOM shall forfeit the fixture. Any player representing his Club failing to play at the time and on the date fixed by the LCOM, shall forfeit the match. Notwithstanding these regulations, the LCOM may, on good cause shown, allow the fixture or match to be subsequently played at a time and venue fixed by the LCOM.
- 4.1.5. **POSTPONEMENT.** No Club may cancel or postpone a fixture in a higher league and, on the same day, play a fixture/s in a lower league/s. In such cases, the LCOM may allow the fixture/s played to stand, order it/them to be replayed or award the point/s to the opposing team/s.
- 4.1.5.1 **POSTPONEMENT.** No amendment to the date of a fixture in a current league schedule will be allowed without written approval of LCOM. (Except incomplete matches as per 4.4.3.2). The written request must reach LCOM at least 7 days prior to the fixture with sensible motivation. Failure to observe this process may incur a penalty of 10 points. The club may also incur penalties related to any other rule that is transgressed.
- 4.1.5.2 **POSTPONEMENT.** The schedule date of a postponed match is the date that it is played and the rules pertaining to restrictions on player selection (eg 4.1.3 et al) apply to that day and round.
- 4.1.5.3 **POSTPONEMENT: PROVINCIAL DUTY:** A club may request postponement of a league match if 2 or more team players are not available to play, having been selected for Provincial duty on the scheduled day of the fixture. Each person must currently be playing league for the club and a regular member of the affected team. The relief will be given only for a specific fixture. Written notice must be given to LCOM a minimum of 7 days before the scheduled fixture stating the specific players' names, proof of provincial selection, the provincial event that gave rise to the request and the composition of the team. LCOM will at all times have discretion and may refuse postponement of more than one scheduled match in this context.
- 4.1.6. **START FIXTURE.** Before commencement of a fixture, the names of the players and/or couples in a team, in order of strength, and the couplings of singles players for doubles matches, also in order of strength, shall be handed to the captain of the opposing team.
- 4.1.7. **START MATCH.** Players who are scheduled first must be available to play at the prescribed time. If play has not commenced within 15 minutes the player causing the delay will forfeit the match. Where forfeiture occurs, the match scheduled to follow must be commenced within thirty minutes of such forfeiture being declared. Other than when a forfeiture has been declared players must be ready to take the court directly after the previous match, otherwise they shall forfeit the match. No knock-up shall exceed five minutes.
- 4.1.8. **LATE START:** The LCOM shall have the right to penalise a Club with a maximum of five points per contravention per League, should a team not be ready to commence a match at the stipulated commencement time. Opposing teams may draw such delays to the attention of the LCOM by letter or by detailing delays on the score sheet.
- 4.1.9. Saturday League fixtures shall all commence at 13h15. No new set will commence after 18h30 unless it is with the full agreement of both captains. Points for unfinished fixtures will be awarded as per rules. (See 4.4.).
- 4.1.10. Recognised tennis wear (white or coloured apparel) must be worn for all league matches.

4.1.11. RESULTS: Not later than two days after the completion of a fixture (Monday 16.00hrs following the Saturday), both competing Clubs must furnish the Secretary of WPT with the details and result of such fixture. Should a Club fail to do so, it may be liable to pay to the Secretary of WPT a fine.

4.1.12. BALLS: Three new balls as prescribed by the LCOM shall be available for each of the first round matches played at a fixture.

4.1.13. Supply of balls: The odd ball required for certain League matches shall be supplied by the "home" team.

4.2. REVERSIONS – maintaining the order of strength

4.2.1. Should a Club have more than one team in the competition, then the teams must be ranked from higher to lower, ie. Team A, Team B, Team C, etc. This team name must be shown on the scoresheet.

4.2.2. The status order of these teams may not be altered and the players selected for these teams will be such that the strongest players are in the highest team graded down to the weakest players in the lowest team. Players may only be moved in accordance with the reversionary rules.

4.2.3. When a player is moved from a higher to a lower team in the same competition, the player that caused the displacement and the reverted player must be stated on the scoresheet. The opposition captain must acknowledge the change by signing the message.

4.2.4. A player may only be displaced (reversion) by another player stronger than the replaced player.

4.2.5. DIFFERENT COMPETITIONS: Different competitions played in parallel may have different league strengths. LCOM will rule as to the comparative strength of league sections in each competition.

4.3. SCORING

4.3.1. In all fixtures the result shall be decided on a count of matches won except that should each team win an equal number of matches, the result shall be decided on a count of sets. Should matches and sets be even, the result shall be a draw.

4.3.2. Teams shall gain points as follows:

4.3.2.1. One point for each set won.

4.3.2.2 BONUS POINTS are awarded to teams as follows

Singles Men & Ladies	win 4 points	draw 1 point each	loss 0
Doubles Men/Ladies/vets	win 3 points	draw 1 point each	loss 0
Mixed	win 6 points	draw 2 points each	loss 0

For the purposes of this rule:

- a drawn fixture on matches (e.g. 4 matches each) but a win on sets (e.g. 10 – 9) will constitute a win
- only when both matches and sets are equal will the fixture be deemed to be a draw
- games will not be taken into account

4.3.2.3. Deleted

4.3.2.4. Deleted

4.3.2.5 Incomplete fixtures. No points are awarded for matches not played. See 4.4. If there is no winning result at that stage no bonus points will be awarded.

4.4. INCOMPLETE AND DEFAULT FIXTURES/MATCHES

4.4.1. RAIN etc. All fixtures and matches shall be played as scheduled unless it has been decided, for reasons of time, bad light or rain, to abandon or delay such fixture or match. The decision to stop of play in terms of this regulation shall be made by the Captain of the visiting team. The decision may not be made before the official start time of the fixture.

4.4.2. The Captain of the visiting team shall decide whether he/she wishes to complete matches under floodlight, if available, (subject to the provision of 4.1.9). This decision will be binding on all players still involved in unfinished matches.

4.4.3. Fixtures commenced, and not completed on the day fixed for play shall be subject to the following: (excepting playoffs - see 4.4.3.3)

4.4.3.1. If less than 50% of the matches have been completed then the fixture shall be completely replayed at the end of the relevant season or as arranged by the LCOM.

4.4.3.2. If 50% or more of the matches have been completed and no decision has been reached, the fixture must be completed within the following 14 days and the secretaries/match secretaries or duly appointed representatives of the Clubs concerned shall arrange so accordingly, unless otherwise instructed by the LCOM.

If agreement is reached at the time of postponement on the dates and times for the continuation of a match, this information shall be recorded on the respective score sheets and be counter-signed by both captains.

4.4.3.3 Should it not be possible to complete a playoff fixture (ie no result) then the match shall continue at the earliest opportunity not later than the next Saturday. The composition of the teams must remain the same and play commence where it left off.

4.4.4. Play shall be suspended only at the end of a completed game unless conditions suddenly become impossible (eg., rain).

4.4.5. In the event of a fixture result having been reached prior to play having to be abandoned, then each team will receive points for completed sets but the remaining points of unfinished sets will be discarded.

4.4.6 DEFAULTED FIXTURE. One club cannot field a team. No matches are played. The available team will receive 2 points per match, but not the bonus points.

4.4.6.1 Should a team default 30% or more of the number of scheduled fixtures in a league section then it will be withdrawn and all points scored by it and its opposition teams will be reversed. The team may also be fined a withdrawal penalty.

4.5. REGULATIONS FOR THE 7 POINT TIE-BREAK

4.5.1. The tie-break will operate when the score reaches six games all in any set. The following system shall be used in a tie-break game:

4.5.2. Singles

4.5.2.1. A player who first wins 7 points shall win the game and the set provided he leads by a margin of two points. If the score reaches 7 points and the margin is less than 2 points, the game shall continue until a 2 point margin has been achieved. Numerical scoring shall be used throughout the tie-break game.

4.5.2.2. The player whose turn it is to serve shall be the server for the first point. His opponent shall be the server for the second and third points and thereafter each player shall serve alternately for two consecutive points until the winner of the game and set has been decided.

4.5.2.3. From the first point, each service shall be delivered alternately from the right and left courts, beginning from the right court.

4.5.2.4. Players shall change ends after every six points and at the conclusion of the tie-break game.

4.5.3. **Doubles** In doubles the procedure for singles shall apply. The player whose turn it is to serve shall be the server for the first point. Thereafter each player shall serve in rotation for two points, in the same order as previously in that set, until the winners of the game and set have been decided.

4.5.4. **Rotation of Service** The player (or pair in the case of doubles) who served first in the tie-break game shall receive service in the first game of the following set. No other tie-break scoring system is permitted.

4.5.5 REGULATION FOR A 10 POINT TIE-BREAK

4.5.5.1 The tie-break will operate when required to decide a match that has reached 1 set all, or where it is agreed to play a 10 point tiebreak to complete a match quickly by common agreement

4.5.5.2 The rules are the same as the 7 point, but the winner must attain 10 points with at least a 2 point margin or continue until a 2-point margin is achieved.

4.6. COURTS

4.6.1: CALCULATION OF COURTS REQUIRED FOR HOME MATCHES

Minimum numbers of courts required by a club for its teams in the league are calculated as follows:

4.6.1 COURTS ALLOCATION. A club shall have sufficient courts such that in a competition there are courts available to play as follows

4 person singles teams	2 courts per fixture
4 person doubles teams	2 courts per fixture
8 persons doubles teams	2 courts per fixture

4.6.2 Calculation for league competition: Total the number of courts required by all teams as if they were all home matches. Divide the total by 2 and round up to the nearest whole number. This will be the minimum number of courts required for home fixtures.

4.6.3 Note that these are minimum requirements. More courts may be utilised provided the visiting team is advised beforehand to ensure player availability. No team may refuse to play when offered additional courts without good reason. It is acceptable to share courts with other fixtures.

4.6.4 If you provide fewer courts than required by your teams, you will have to pay a levy per team on each occasion an alternative venue needs to be found for a match that does not have courts in terms of rule 4.6.1. Payable at end of the league period.

4.7 COURT HIRE

4.7.1. If a club enters more teams than it has courts to support, then LCOM will endeavour to reallocate venues or utilise Rondebosch courts to provide a venue. This could lead to more away than home matches for teams in that club.

4.7.2. Such clubs will pay a Court fee determined by the EXCOM for each team that has not got sufficient courts.

4.7.3. Provided courts are available visitors wishing to play may hire courts from WPT at the prescribed rate. Visitors shall be required to sign the visitor's book and obtain a receipt before play commences.

4.8 THE 11 GAME SET

4.8.1 The 11-game set. This match replaces the normal best-of-three sets when there is a need to shorten the day's play. (It is estimated that a normal 7-match game will take 2 1/2 hours to complete if in this format). The captains must agree to change the format either fully or in part. The 11-game set is played to the normal tennis rules, but all 11 games are played and the 11th game is a tie-breaker. The 11-game set is worth 2 points to the winner. The match is won by the game count.

4.8.2 Should there be a draw in matches then the winner of the fixture is determined by a game count.

4.8.3 In the case of a 'mixed' fixture of normal sets and 11 game sets then there is no resolution by game count and the total set count is the determining factor. One 11 game set = 2 sets (points)

NOTES ON BEING A CLUB CAPTAIN – A lesson in communication

Perhaps the toughest task in any club is that of Club Captain – barring entertainment convenor. At least the club captain is guaranteed some audience. It requires the tact of a doctor, the savvy of an astrologer and the hide of a rhinoceros. Undoubtedly it is a major education in management style.

Traditionally the main task of the Club Captain is to manage the teams for league competition. Starting at the beginning the basics of the task are –

- Recruit, cajole, advertise and otherwise determine who will play league for the club.
- Decide how many teams the club will field (with committee assistance)
- If the club secretary is not on the ball he/she will also be responsible for completing entry forms and submitting them to WPT
- Get a committee together to select/captain the teams each week
- Make sure the league fixture notices are published in good time

RECRUITING FOR LEAGUE – understand the motivation of players.

Broadly there are two kinds of people who will participate - those that play for the competition and desire to prove their abilities – the dedicated core. They will turn out without fail every week unless you fail to recognise their results whereupon they may not play at all.

The other half that has less obvious reasons: They need the exercise. Need the relaxation. Need the beer afterwards. They are not so demanding but on the other hand not so committed nor reliable. You cannot count on their availability and they beg off for the least reasons – weddings, funerals, rugby matches etc.

So the first group will be at pole position asking when league starts and the latter who discover half way through the season that league has begun. TROUBLE IS THAT THEY ASSUME YOU KNOW ABOUT THEM BECAUSE THEY PLAYED LAST SEASON.

Both groups will require some formal list to register their names. Provide at least two lists – indoors and outdoors. Bold lettering. – “League commences on. - - - -”, “Practice starts on - - - -.” Ask for name, phone, cell, email addresses. Put the notices up at least 4 weeks before league starts.

HOW MANY TEAMS?

You should plan for at least 25% more players than you need to fill the teams. The trouble is that the uncommitted tend to become unavailable for similar reasons (eg rugby) so you could still be short on some days.

This can be very difficult to manage if you have string of 4 to 5 teams in the same competition – especially if you do not manage your selection well in advance.

The answer appears to be to keep a secret list of people who are not particularly keen but who you have primed to be last resort if the occasion arises.

TEAM SELECTION

Depending on the number of teams it will be useful if you have a SELECTION COMMITTEE. This will take a lot of pressure off you because it is easy to hide behind a collective group (we decided that . . .) is far stronger than (I decided . . .). Its also safer – it is difficult to assassinate a whole committee.

The Selection Committee should have tasks to assist you to communicate – see below.

Choose from the top down – the top players are easy to rank –the difficulty starts in the middle because there players are relatively equal. At the very bottom the weakest are easily identified (as are the best players)

COMMUNICATION is the secret to success. Your worst scenario is the player who doesn't turn up on the day (because he did not know?) How do you avoid that?

MAKE THE SELECTION DECISION EARLY in the week – by Tuesday for Saturday.

PUT IT UP ON THE BOARD. Send out sms or emails. There should be one person responsible for each team – advising the players who have been selected. DON'T leave the checking to the day of the match.

Have a NOT-AVAILABLE board – player writes on it “I cannot play on day xxxx”.

Instill a sense of RESPONSIBILITY in others. Make the TEAM CAPTAINS work – their tasks should be -

1. Check the availability of the players on the list for that Saturday (keep him on email)
2. Collect the balls and scoresheets from the club.
3. Each Saturday make a note whether each player is still available next week.
4. Return the completed scoresheets and balls and info (to you)

TELL THEM HOW THEY ARE DOING! – the most ignored aspect of leadership. How well are the players doing? Competitive players will savor their results (if they win) being made public – they will appreciate the attention. The casual might become more interested. Make sure the team results go up on the notice board the same day if possible. (pin up the scoresheets if nothing else). KEEP A LOG OF INDIVIDUAL RESULTS ON THE NOTICEBOARD. PIN UP THE TEAM RESULTS FROM WPT.

WPT keeps a unique record of very every match and player result. That is used to calculate the strength of the player. That information is available from www.tennistat.co.za web site. It will help you decide how well he/she is doing.

HAVE A KNOWN POLICY for selection/placing. Eg. Those who win the most get promoted. Don't be afraid to move players. I keeps them on their toes.

IT IS NOT YOUR JOB TO DO EVERYTHING – JUST THE THINGS THAT MAKE CERTAIN EVENTS HAPPEN.

Enjoy it – there is power in being useful.
